EDUCATION

Irvine Valley College | Irvine, CA

2 Years Transfer Program | GPA: 3.71   **May 2022 - December 2024**

Relevant Courses: Java Programming, C Programming, Computer Math

Saddleback College | Mission Viejo, CA

1-Year Transfer Program | GPA: 4.0   **May 2023 - May 2024**

Relevant Courses: Intro to Comp Sci I, Intro to Comp Sci II, Intro to Comp Sci III, Data Structures

TECHNICAL SKILLS

Programming Languages: Python (Advanced), C++ (Advanced), C (Intermediate), Java (Intermediate), JavaScript (Beginner), R (Beginner), Assembly (Beginner), SQL (Beginner)

Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express.js, RESTful APIs

Cloud: AWS (EC2, S3, Lambda, RDS, IAM, CloudFormation, etc.)

General Skills: Machine learning, Artificial intelligence, Generative AI, Cloud Computing, Data Analysis, Problem-Solving

EXPERIENCE

Software Developer Intern | Ingram Micro | Irvine, CA   **June 2024 - August 2024**

- Full-time Junior Software Developer
- Contributed to enhancing the company's **Artificial Intelligence** programs
- Utilized high-level programming languages: **Python**, **Java**, **SQL**, and **JavaScript**
- Assisted in the development and testing of numerous **REST APIs** using **JSON** and **Postman**
- Helped onboard and train fresh graduates onto the team

Customer Service Associate | TJ Maxx | Aliso Viejo, CA   **June 2023 - May 2024**

- Gained excellent customer service experience

CERTIFICATIONS

Machine Learning A-Z: AI, Python & R   **March 2025**

- Understood **AI** and **ML** concepts, models, and designs
- Skilled in using **Python** and **R** when implementing **AI**/**ML** models
- Knowledgeable in **building** and **designing** AI/ML models

AWS Certified AI Practitioner   **February 2025 - February 2028**

- Understand **AI**, **ML**, and **Generative AI** concepts, methods, and strategies
- Knowledgeable in applying AI/ML technologies to specific use cases
- Skilled in using AI, ML, and generative AI technologies responsibly
- Familiar with the **AWS** Global Infrastructure and core AWS services
- Understand AWS service pricing models and use cases
- Knowledge of the AWS shared responsibility model for security and compliance in the **AWS Cloud**

AWS Certified Cloud Practitioner   **January 2025 - January 2028**

- Fundamental understanding of **IT** services and their applications in the **AWS Cloud**

- Demonstrated cloud fluency and foundational AWS knowledge
- Ability to identify essential AWS services for AWS-focused projects
- Knowledge of AWS service use cases and best practices
- Understanding of cloud computing concepts and AWS architecture

The Complete 2024 Web Development Bootcamp   **September 2024**
- Proficient in all aspects of **Web Development** including knowledge of **Databases** and **APIs**

PCEP-Certified Entry-Level Python Programmer | Python Institute   **March 2024**
- Knowledge of universal computer programming concepts
- Understanding of Python syntax and semantics
- Ability to accomplish coding tasks related to **Python** programming essentials
- Fundamental skills in resolving implementation challenges using the Python Standard Library
- Proficiency in basic programming constructs, such as variables, loops, functions, and data structures
